

Chief, Security Division

16 April 1952

Executive Officer

Monthly Report of Overt and Semi-Covert Case Production

1. In the interest of a clearer presentation of the statistics involved, which will be of great aid in the consolidation and compilation of total I&SO production figures at the end of each month, it is requested that you give consideration to revising the presentation of the first five items of your monthly production report to conform to the attached sample format which is based on the figures for March.

2. I shall be glad to discuss this further with you if you wish.
